

Amendments to the Drawings:

The attached sheets of drawings includes changes to FIGURES 1 and 2. These sheets replaces the original sheets containing FIGURES 1 and 2. Pursuant to the Examiner's request, a showing in FIGURE 1 of a "return of energy from the windings to the Booster/Energy Storage Front End" has been specifically incorporated. Additionally, pursuant to the Examiner's request, a "dot" has been included in FIGURE 2 to "show the connection" between 208, 210, and 212.

Remarks

This application has been carefully reviewed in light of the Office Action mailed May 2, 2005 ("Office Action"). Claims 1-20 were pending. Although Applicants believe all claims are allowable without amendment, to expedite issuance of a patent from this Application, Claims 2-5 and 8 have been cancelled without prejudice or disclaimer. Applicants do not consider any of these changes necessary for patentability. With this cancellation of claims, only allowable/allowable claims remain. Accordingly, Applicants respectfully request allowance of this Application.

Request for Correction

The Office Action requested amendments to the Drawing. As indicated above, Applicants have complied with the Office Action's suggestions - amending the Drawings.

Allowed Claims

Applicants note with appreciation the Examiner's indication that Claims 1 and 9-20 are allowed and that Claims 6-7 would be allowable provided they would be rewritten as to not depend from a rejected claim. Claim 6 has been rewritten in independent format and Claim 7 depends from Claim 6. Accordingly Claims 6 and 7 should be allowed. As indicated above, the remaining claims in the Application have been cancelled without prejudice or disclaimer. Accordingly, only allowed/allowable claims remain.

Claim Rejections

Claims 2-8 were rejected on various grounds. These rejections are moot because Claims 2-8 have been cancelled.

Conclusion

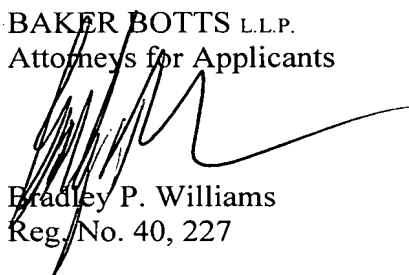

Applicants have now made an earnest attempt to place this case in condition for immediate allowance. For the foregoing reasons and for other apparent reasons, Applicants respectfully request allowance of all pending claims.

If the Examiner feels that prosecution of the present Application may be advanced in any way by a telephone conference, the Examiner is invited to contact the undersigned attorney at 214-953-6447.
